Nuovi update per i software: 3DMark03, 3DMark05, 3DMark 06, 3DMark Vantage, PCMark05 e PCMark Vantage

Da questo mese sono disponibili nuovi update per i prodotti di casa futuremark. Le patch sono disponibili per i seguenti benchmark: 3DMark03, 3DMark05, 3DMark06, 3DMark Vantage, PCMark05 e PCMark Vantage. Queste patch sono mirate a migliorare il rilevamento dei componenti hardware del sistema che fino ad oggi non erano rilevati in modo corretto.

Sotto riportati i link per il download degli update.

IMPORTANTE: La patch non andrà a modificare i punteggi già inseriti nel database.
