

EVGA Precision v.1.5.1.

LINK (<https://www.nexthardware.com/download/diagnostiche/177/evga-precision-v151.htm>)

Utility per il tweak e la diagnostica delle schede video

Version 1.5.1 (published on 09.03.2009)

- Precision settings no longer reset at Windows startup on multi-GPU systems
- Optimized runtime skin switching implementation for better appearance when switching between the skins with different window shapes
