Aggiornamento per le ultime schede audio creative

I driver rilasciati sono per Windows Vista 32/64 bit, e sono per tutte le schede audio della linea Creative X-Fi (ad eccezione della Sound Blaster X-Fi Xtreme Audio). Di seguito, il breve changelog.

â€œ The Creative Sound Blaster X-Fi series Vista Driver 2.15.0004 fixes:

- Resolves an issue for Windows Vista 64-bit systems with 4GB RAM
- Resolves loud speaker noise when restarting your computer
- Resolves an issue that causes OpenAL games not to respondâ€
