Pronta per il download una nuova versione Hotfix dei driver AMD ottimizzata per Need for Speed.

AMD ha rilasciato la versione 16.3.1 Hotfix dei driver Radeon Software Crimson Edition che implementa il profilo CrossFire per Hitman ed offre il pieno supporto al tanto atteso titolo di guida arcade Need for Speed.

Presenti, ovviamente, tutti le novità introdotte con la precedente versione, tra le quali ricordiamo il supporto ufficiale per le API Vulkan, nonché le nuove funzionalità 2-display Eyefinity, Power Efficiency Toggle, Per-Game Display Scaling e Crossfire Status Indicator.
